## Introduction and aims

To obtain a position of junior java developer and improving my programming skills.

I am currently studying at Ida-Viru Kutsehariduskeskus with a degree in software development in java.

Skills obtained during studies and self-study: HTML, CSS, Java SE, MySQL, Maven, JavaFX, GitHub, Agile, Integrated Development Environment - IntelliJ IDEA.

Developed, in addition to educational projects:

- application for tracking live queues at the border. The graphic part is made on JavaFX (the program parses the data from the site <https://www.estonianborder.eu/>. The Jsoup library is used.) - <https://github.com/GaileAlex/GoSwift>.

- The application emulates the store operation (test task found on the Internet). The graphic part is JavaFx, work with MySQL database, work with files - <https://github.com/GaileAlex/Shop-Emulation>

These applications and code can be viewed on my website - [gaile.ml](http://gaile.ml) or at - <https://github.com/GaileAlex>.
